

# Service Contract, Spare Parts & Training

## Service Contract:

The image shows a 'SERVICE CONTRACT' form from Lantech.com. It includes fields for Contract no., Lantech.com details, and customer information. There are sections for 'Company name', 'Address', 'City', 'Country', 'E-mail', 'Tel. no.', and 'Fax. no.'. A signature line is present at the bottom for the client and Lantech.com representative.

To maximize equipment operation uptime, it is essential to perform preventive maintenance as described in the machine manual.

Lantech can offer you service contracts. Your Sales Representative can tell you more about all the benefits of a maintenance contract.

You can also ask for more information at our Service Department, to be reached at:

- Telephone +31 (0)485 335 615
- Fax +31 (0)485 330 755
- E-mail [euroservice@lantech.com](mailto:euroservice@lantech.com)

## Recommended Spare Parts:

The image shows a 'SPARE PARTS KIT' table from Lantech.com. It lists various parts for a 'C-1000 Case Erector Pneumatic - Type T14250'. The table has columns for Part No., QTY, Description, and Price. It includes sections for 'Work magazine', 'Drive section frame', 'Drive frame', 'Invert flap holder', 'Invert flap holders', 'Side belts', and 'Top flap holder'.

To maximize equipment operation uptime, it is essential to have a small amount of spare parts available in case of failure.

Lantech has a recommended spare parts list for your machine. This list is limited to parts which have a higher risk of damage causing the machine to stop. Your Sales Representative can offer you our recommended spare parts list for your machine.

You can also ask for more information at our Parts Department, to be reached at:

- Telephone +31 (0)485 335 611
- Fax +31 (0)485 330 755
- E-mail [europarts@lantech.com](mailto:europarts@lantech.com)

## Training:

To maximize equipment operation uptime, it is essential to have operators and maintenance personnel at the training sessions.

At installation Lantech reserves limited time for training. If you require additional training please ask your Lantech representative for possibilities.
