

3 Things you *must* know about **STRETCH WRAPPING**

1 WRAP QUALITY *ISN'T ALWAYS VISIBLE.*

HOW DO YOU KNOW YOU ARE STRETCH WRAPPING WELL ENOUGH?

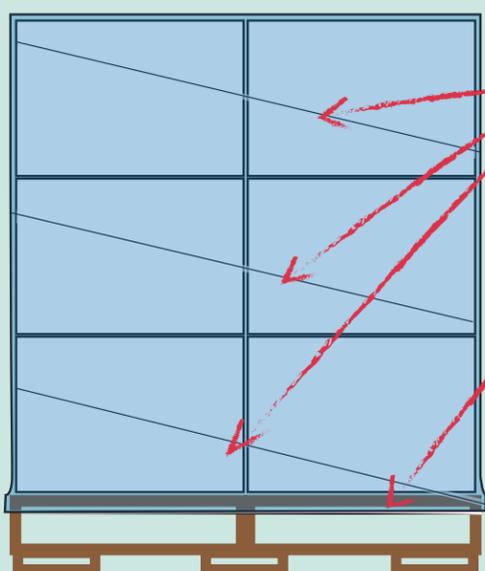

2 THE CONDITION OF YOUR PRODUCTS UPON ARRIVAL MATTERS!

Protect your products and your brand with proper stretch wrapping.

3 YOU KNOW YOU'RE WRAPPING WELL ENOUGH WHEN ...

- 1** FILM IS APPLIED AS TIGHT AS POSSIBLE *WITHOUT TWISTING OR CRUSHING THE LOAD.**
- 2** THE LOAD IS BONDED TO THE PALLET WITH A FILM CABLE.
- 3** THERE ARE **NO LONG OR DRAGGING FILM TAILS.**

*The measure of how tight loads are wrapped is called *containment force*. To see how much containment force different kinds of loads need, [click here](#).
