over \$3,000  
in option costs  
when you  
BUNDLE!**

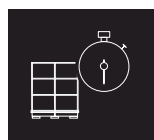

Featuring **Leanwrap®** Technology

### Save on Labor

#### Auto Film Cut-off

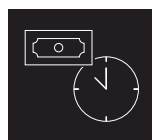

Eliminates the need for operators to stand around and wait to cut the film at the end of each load.

**Annual Labor Savings of  
over \$2,000 using Auto  
Film Cut-off!**

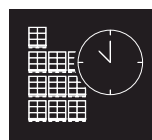

30 Seconds per Load

8 Hours x 250 Days

#### Auto Film Cut-off

- Keep your forklift operator on the forklift.
- Reduces the repetitive strain of bending and pulling, reducing the risk of back injury.

# Eliminate Damage

Three ways the QL400 eliminates damage:

## 1. Pallet Grip

"Locks" your load to the pallet, preventing the products from sliding during transit.

Without Pallet Grip

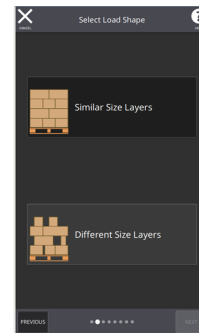

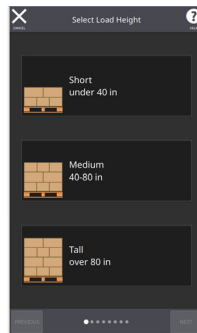

With Pallet Grip

## 2. Load Guardian

**Creates**  
and saves profiles

**Maintains**  
profile standards automatically

**Delivers**  
the right amount of containment  
force, every time.

## 3. Power Roller Stretch Plus

Power Roller Stretch Plus gives you better corner compensation to keep your products from crushing.

## Consider adding or upgrading even more productivity saving options

### Options

#### EZ Weigh Integrated Scale

Weigh and wrap in one  
easy step!

### Upgrade

#### Upgrade to a QL-400XT

Increase productivity and  
Keep your driver on the  
forklift!
